

INDIVIDUAL MEMBER GUIDELINES

Welcome as a Habitat Partner University Initiative Individual Member!

Individual membership

The Habitat Partner University Initiative is an inclusive initiative, enabling an open entry process based on motivation towards sustainable urban development and subsequent opportunities for its partners to distinguish themselves through their engagement and achievements towards this goal. The Initiative recognizes the valuable potential for individual members to contribute to its aim, and therefore includes two membership levels: "Individual" and "Institutional".

Requirements

Besides agreeing to the general aim of the Initiative the basic requirement for becoming a partner is to promote the principles and support the implementation of the agenda.

On an individual level membership is acquired through signing up on the website: www.unhabitat.org/HPUI under "Becoming a member" > "Individual members", thereby joining the Initiative's database and mailing list, receiving updates on activities, news and opportunities within the network.

By signing up to the Initiative individual members affirm that they agree with the Habitat Partner University Initiative aim and principles.

Benefits and contributions

Once signing up to the Initiative individual members gain access to the Habitat Partner University initiative network of partners and opportunities. On an individual level engagement in the Initiative is through contact with other members, sharing knowledge and ideas and applying to opportunities within the network. This is facilitated in three ways:

- Utilizing the tools and material available on the website, gaining an overview of what is happening within the network and share, interact and act together with the other members of the Initiative;
- Responding to announced opportunities in the newsletter (consultancies, courses, collaboration opportunities, research grants etc.);
- Engaging in the HPUI Hubs, focusing on priorities of particular interest and meeting cross-regional, trans-disciplinary academia interested in the same field. Please contact the relevant HPUI Hub as listed on the webpage/shared by your Focal Point, if you wish to engage.

*For queries primarily contact your Focal Point,
Or, if your university is not yet an institutional member,
the HPUI office at hpui@unhabitat.org*
