

# LAKE VICTORIA WATER & SANITATION INITIATIVE

## Accomplishments in Tanzania

### BACKGROUND

The Lake Victoria Water and Sanitation Initiative was launched on 16th August 2004 during the Stockholm Water Week as a Regional Initiative to be implemented in Kenya, Tanzania and Uganda. In Tanzania the Initiative has been implemented in Bukoba, Muleba, Mutukula and Bunda.

### SPECIFIC OBJECTIVE

- Promote pro-poor water and sanitation investments in the secondary urban centres in the Lake Victoria Region
- Support development of institutional and human resource capacities at local and regional levels for the sustainable delivery of improved water and sanitation services
- Facilitate realization of upstream water sector reforms at the local level in the participating urban centres
- Reduce the environmental impact of urbanization in the Lake Victoria Basin

### IMPLEMENTATIONS IN TANZANIA

#### SOLID WASTE MANAGEMENT

**Mutukula:** Procurement of small tractor and bins for the management of solid wastes,

**Muleba:** Procurement of one large and one small tractor with skip and bins for the management of solid wastes.

**Bukoba:** Procurement of four large and two small tractors with skips and bins for the management of solid wastes.

#### CAPACITY BUILDING

**Muleba and Bukoba:** Focused Urban Water Supply Authority staff and the change agents, with On-job training sessions focusing on the development and implementation of utility-based Performance Improvements Programmes, Tailor-made training for community members targeting water supply, sanitation, solid waste management, environment, gender, the inclusion of vulnerable [the most disadvantaged] groups, local economic development and good governance.

**Mutukula:** Targeted all Water and Sanitation stakeholders and the community as a whole.

**Bunda:** Bunda Urban Water Supply Authority to enable it improve its water services delivery.

#### STRATEGIC URBAN PLANNING

**Muleba** Participatory strategic urban planning was carried out in Kagabiro The new Kagabiro development plan was developed and approved by the Ministry of Lands and Human Settlements

**Bukoba:** The new Bukoba Strategic Urban Plan was developed and approved by the Ministry of Lands and Human Settlements.

## WATER SUPPLY

### Muleba

Infrastructures	Beneficiaries
Nyaruondo Springs	4,200
