

HABITAT BUSINESS EXPO

Making cities a better place to work,
to live in and to do business.

United Nations, Nairobi
13-20 April 2007

HABITAT Business Expo is organised during the First Stakeholders meeting on the Business Partnership for Sustainable Urbanization (13-14 April) and the 21st Governing Council of UN-HABITAT (16-20 April). It will provide the opportunity for business to demonstrate products, services and technologies to a wide range of partners.

WHO SHOULD ATTEND? Business owners, managers, purchasing agents, sales people, human resource managers, CEOs and all decision-makers, including civil society organizations and research partners working towards better cities with the business community.

OPPORTUNITIES :

- Network with your peers and make new connections
- Network with national government representatives, mayors and city decision-makers and expand your market opportunities
- Network with non-governmental organizations and find new opportunities with communities for your work on the ground.
- Exchange with UN representatives on potential partnerships in your market niches
