Annex III

Proposed organizational arrangements for the twenty-first session of the Governing Council of UN-Habitat

Note by the Executive Director

1. The Governing Council may find it conducive to the efficient conduct of its work during the twenty-first session to adopt the organizational arrangements set out below. These proposed organizational arrangements for the twenty-first session have been prepared in line with the recommendations of resolution 20/21 of the Governing Council, on organization and themes for future sessions of the Governing Council, which called on the Committee of the Permanent Representatives to UN-Habitat, acting as the Council's intersessional subsidiary body, to recommend to the Governing Council further proposals for improving the structure and organization of the twenty-first and future sessions of the Governing Council. At its twenty-fourth meeting, on 7 December 2006, the Committee of Permanent Representatives approved a set of such proposals for the twenty-first session which are reflected in the present note, especially with regard to the high-level segment, the dialogue and the theme.

A. Bureau

2. In accordance with rule 17 of the Governing Council's rules of procedure, the Bureau should consist of a president, three vice-presidents and a rapporteur, elected with due regard to the principle of equitable geographical distribution by rotation among the regional groups of States. Annex II to the present note shows the geographical distribution of members of the Bureau at previous sessions of the Governing Council.

3. As provided for in rule 18 of the Governing Council's rules of procedure, one of the vice-presidents should be designated to chair the sessional committee of the whole referred to in paragraph 15 below. The remaining two vice-presidents would assist the president of the Governing Council directly in his or her duties in plenary and chair the ad hoc drafting committee referred to in paragraph 16 below.

B. Plenary

4. Following consultations with the Bureau of the Governing Council, it is recommended that the plenary divide its work into two segments; first, a high-level segment, with interventions primarily by ministers and other heads of delegations, which would be held on the first and second day; and, second, a dialogue of Governments with local authorities and other Habitat Agenda partners to be held on the third day.

C. High-level segment

5. It is suggested that the high-level segment focus its discussions on the strategic issues of relevance to decision- and policymaking at the national and international levels contained in the draft UN-Habitat Medium-term Strategic and Institutional Plan for the period 2008–2013 (agenda item 8) and the theme paper (agenda item 6), in addition to related issues arising from other reports before the session, which would be fully discussed only in the Committee of the Whole (agenda item 5). The strategic focus of the Medium-term Strategic and Institutional Plan and the theme for the twenty-first session are mutually compatible, as both focus on sustainable urbanization and aspects of city-wide action, urban poverty and finance and planning.

6. With a view to accommodating the 60 to 80 delegations which normally attend the sessions of the Governing Council, it is recommended that during the high-level segment each delegation should be allowed a maximum of five minutes speaking time and that this limit should be strictly adhered to. In this context, it should be noted that part of the morning meeting on the first day will be taken up by organizational matters.

7. In establishing the list of speakers for the high-level segment, precedence will be given to ministers and deputy ministers. These will be followed by other heads of government delegations and a limited number of statements by local authorities and other Habitat Agenda partners, in accordance with rules 64 and 65 of the rules of procedure of the Governing Council.

D. Dialogue with local authorities and other partners

8. By operative paragraph 2 of its resolution 16/12 of 7 May 1997, the Governing Council decided “to provide, at future sessions [of the Governing Council], opportunities for partners to engage in a dialogue among themselves and with Governments; such dialogues may, as appropriate, serve as an input to the deliberations [of the Governing Council]”.

9. Accordingly and in line with the relevant operative paragraphs of resolution 20/21 of 8 April 2005, the Bureau of the Committee of Permanent Representatives recommended to the Bureau of the Governing Council for the twentieth session that the theme for the twenty-first session should be “sustainable urbanization: local action for urban poverty reduction, with an emphasis on finance and planning”. On behalf of the Bureau, the President of the Governing Council for the twentieth session concurred with that recommendation.

10. In pursuance of the above resolutions and with a view to increasing the participation and contribution of local authorities and other partners in the work of the Governing Council and towards the achievement of common goals to achieve the implementation of the Habitat Agenda and relevant Millennium Development Goals and the aims outlined in the 2005 World Summit Outcome, arrangements have been made for the dialogue with local authorities and other partners to be held during the plenary meeting on the third day, as indicated in annex IV to the present note. This dialogue, which will be on the theme mentioned in paragraph 10 above, will be based on the format followed by Committee II at the Habitat II Conference in Istanbul, whereby representatives of partner groups will be given an opportunity to make a substantive presentation followed by a dialogue or discussion between Governments and partners on the presentations.

11. To this end, local authorities and other partners are encouraged to submit, in advance, a written summary of their presentation to the secretariat for distribution to all participants ahead of the meeting. They are also requested to address, through their comments on the theme paper, the draft UN-Habitat Medium-term Strategic and Institutional Plan for the period 2008–2013 and to indicate the contribution that they will make to achieve it.

12. It is expected that the presentations to be made by representatives of local authorities and other partners will be the outcome of consultations by these groups with non-governmental organizations, parliamentarians, the private sector, professionals, researchers and labour unions. Arrangements will be made for local authorities and each group of partners to have, if they so wish, consultations in Nairobi immediately prior to the twenty-first session of the Governing Council, or at the time and venue of their choice.

E. Summary by the President

13. At the end of the high-level segment and the dialogue, the President, drawing from the deliberations in these two plenary segments, will prepare a summary of the main issues raised in the high-level segment and the conclusions or recommendations made during the dialogue. This summary will reflect the main thrust of the discussions and key positions stated during the two segments and will be submitted to plenary for endorsement. Any possible draft resolution that may emerge out of the discussions at these plenary segments will be referred to the drafting committee for its action.

14. Once endorsed by the Governing Council as an accurate reflection of what transpired in the high-level segment and in the dialogue, the President’s conclusions and recommendations will serve as guidelines for follow-up action by Governments, local authorities, other partners and the secretariat, specifically in support of the 2008–2013 Medium-term Strategic and Institutional Plan of UN-Habitat.

F. Sessional committee of the whole

15. Bearing in mind the organization of work for previous sessions of the Governing Council and the above recommendations on the work of the plenary, the Governing Council may wish to establish a sessional committee of the whole, which would be given responsibility for agenda items 5, 8, 7 and 9, with the remaining items being considered by the Governing Council sitting in plenary.

G. Drafting committee

16. At its nineteenth session, on an informal basis, the Governing Council established an ad hoc open-ended drafting committee, chaired by one of the vice-presidents, to pre-screen draft resolutions submitted by delegations, with a view to merging, reconciling or clarifying them, as necessary, prior to their consideration by the Governing Council in its plenary meetings. The Governing Council may wish to continue this practice, which was widely felt to have enhanced the efficiency of its work, with the report of the drafting committee first passing through the Committee of the Whole for endorsement prior to final adoption by the Governing Council.

H. Proposed timetable

17. A proposed organization of work and timetable for the twenty-first session of the Governing Council is provided in annex IV to the present note.

18. The agenda for the twenty-first session of the Governing Council and a list of documents corresponding to each agenda item is provided in annex V to the present note.
