Energy policies for development

EUEI Partnership Dialogue Facility

Slum Electrification Workshop Nairobi 26/27 Oct 2009

Ray Holland (Michael Franz), EUEI PDF

EUROPEAN UNION ENERGY INITIATIVE for poverty eradication and sustainable development

The EUEI PDF

An instrument of the EU Energy Initiative.

- Funded by 6 EU Member States,
- Facilitates dialogue between:
 - The European Union and partner countries,
 - Stakeholders at national and regional level.
- Supports development of national and regional energy access policies
- Hosted by GTZ.

PDF activities

- Development of energy policies and strategies (national and regional),
- Organise international dialogue events,
- Identify and conduct relevant thematic studies,
- Facilitate dialogue between donors,
- Knowledge sharing activities: on donor activities, policies, strategies; events on specific themes.

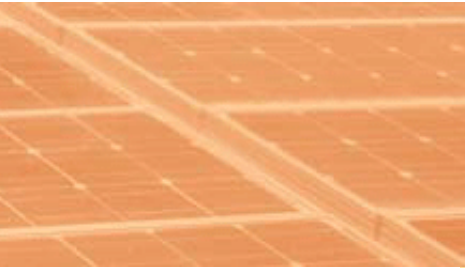

Second Phase of PDF 2009-2012

- First phase 2005 - 2009.
- Second phase of the PDF includes:
 - Support to Africa-EU Energy Partnership,
 - Expanded staff capacity,
- Financial commitments from DGIS, BMZ, Austria, Sweden, Finland, EC.

PDF Phase 1 activities

- 31 activities supported,
- 15 countries,
- 7 regional organisations,
- 6 thematic studies,
- 4 international workshops.

Phase 1 Activities

- Cameroon: *Rural electrification planning*
- Uganda: *District level planning of community energy*
- EAC: *Support for energy access strategy,*
- Swaziland: *National energy policy implementation strategy,*
- Rwanda: *Biomass energy strategy; update of energy policy*

Phase 1 Activities cont.

- DR Congo: *Development of energy policy, electricity law and rural electrification strategy*
- Ethiopia: *Planning tool for grid extension*
- Africa-wide:
 - *Participatory Africa-wide workshop for AEEP (May 2009 Kampala),*
 - *Regional Biomass energy workshop (April 2009, Kigali),*
 - *Development of AEEP Road Map (Jan-Sept 2009),*
 - *Africa Electrification Initiative, with ESMAP (June 2009, Maputo).*

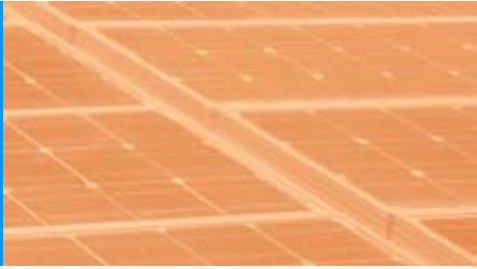

On-going 2009

- Support to Africa-EU Energy Partnership,
- Ghana/ECOWAS, energy access planning and monitoring, using GIS,
- SADC Energy Access Strategy,
- Angola Renewable Energy policy,
- Burundi energy policy,
- New guidelines for Biomass energy strategies,
- Study on Master Plans for Africa Electrification

Pipeline projects

- Amazonia follow-up regional rural electrification programme,
- Niger energy access planning,
- Malawi updated energy policy,
- Biomass energy strategies for Zambia and Tanzania,
- Workshop with ESMAP on Master Plans,
- LPG study – Senegal.

Link to Slum Electrification WS

- Experience from other countries / region: policy framework matters
- Which policies / strategies / regulations might be needed to support slum electrification?
- Possible EUEI-PDF contribution: commission a study to answer this question, e.g. national context or comparative!
