Annex III

Proposed organizational arrangements for the twenty-third session of the Governing Council of UN-Habitat

Note by the Executive Director

1. The Governing Council may wish to adopt, for the efficient conduct of its work during its twenty-third session, the proposed organizational arrangements set out below. This proposal has been prepared in line with the recommendations of resolution 20/21, on the organization and themes for future sessions of the Governing Council, by which the Council called upon the Committee of Permanent Representatives to UN-Habitat, acting as the Council's intersessional subsidiary body, to recommend to the Council further proposals for improving the structure and organization of the twenty-first and future sessions of the Council. At its twenty-third meeting, on 7 December 2006, the Committee approved a set of such proposals for the twenty-first session and all future sessions that is reflected in the present note, especially with regard to the high-level segment, the dialogue and the theme.

A. Bureau

2. In accordance with rule 17 of the rules of procedure, the Bureau should comprise a president, three vice-presidents and a rapporteur, elected with due regard to the principle of equitable geographical distribution by rotation among the regional groups of States. Annex II shows the geographical distribution of Bureau members at previous Governing Council sessions.

3. As provided for in rule 18, one vice-president should be designated to chair the sessional committee of the whole referred to in paragraph 17 below. The remaining two vice-presidents would assist the President directly in his or her duties in plenary meeting and in the chairing of the ad hoc drafting committee referred to in paragraph 18 below.

B. Plenary

4. Following consultations with the Bureau, it is recommended that work in the plenary meetings should be divided into two segments: first, a high-level segment, with interventions primarily by ministers and other heads of delegations, which would be held on the first and second days; and, second, a dialogue of Governments with local authorities and other Habitat Agenda partners, to be held on the third day.

C. High-level segment

5. It is suggested that the high-level segment focus its discussions on the theme and the theme paper for the session, along with aspects related to agenda items 5 (activities of the United Nations Human Settlements Programme, including coordination matters) and 7 (work programme of the United Nations Human Settlements Programme and budget of the United Nations Habitat and Human Settlements Foundation for the biennium 2012–2013).

6. It may be recalled that, by its resolution 20/21, the Governing Council decided that the theme of the dialogue should establish a link between the high-level segment and the dialogue of Governments with local authorities and other Habitat Agenda partners and provide for cohesion in the policy discussions in plenary meetings.

7. To accommodate the 60–80 delegations that normally attend the Governing Council sessions, it is recommended that, during the high-level segment, each delegation be allowed a maximum of five minutes of speaking time and that this limit be strictly adhered to. It should be noted that part of the first day's morning meeting will be devoted to organizational matters.

8. In establishing the list of speakers for the high-level segment, precedence will be given to ministers and deputy ministers. They will be followed by other heads of governmental delegations, plus a limited number of statements by local authorities and other Habitat Agenda partners, as per rules 64 and 65 of the rules of procedure.

D. Dialogue with local authorities and other partners

9. It should be recalled that, in operative paragraph 2 of its resolution 16/12 of 7 May 1997, the Governing Council decided to provide, at future sessions, opportunities for partners to engage in a dialogue between themselves and with Governments; such dialogues may, as appropriate, serve as an input to the Governing Council's deliberations.
10. In line with the relevant operative paragraphs of resolution 20/21 (provided in annex VI), the Bureau of the Committee of Permanent Representatives recommended to the Bureau of the Governing Council for the twenty-second session that the theme for the twenty-third session should be: "Sustainable urban development through expanding equitable access to land, housing, basic services and infrastructure". The President of the Governing Council, on behalf of the Bureau, concurred with that recommendation.
11. In pursuance of the above resolutions, and with a view to increasing the participation in and contribution of local authorities and other partners to the Governing Council's work and towards the attainment of common goals to achieve the implementation of the Habitat Agenda, the relevant Millennium Development Goals and the aims outlined in the 2005 World Summit Outcome, arrangements have been made for a dialogue with local authorities and other partners to be held during the plenary meeting on the third day, as indicated in annex IV. This dialogue, which will be on the theme mentioned above, will be based on the format followed by Committee II at the Habitat II Conference in Istanbul, whereby representatives of partner groups will be given an opportunity to make a substantive presentation followed by a dialogue or discussion between Governments and partners on the presentations.
12. To this end, local authorities and other partners are encouraged to submit, in advance, a written summary of their presentation to the secretariat for distribution to all participants ahead of the meeting.
13. It is expected that the presentations to be made by representatives of local authorities and other partners will be the outcome of consultations by these groups with non-governmental organizations, parliamentarians, the private sector, professionals, researchers and labour unions. Arrangements will be made for local authorities and each group of partners to have, if they so wish, consultations in Nairobi immediately prior to the session, or at the time and venue of their choice.
14. Detailed information on the organization of the dialogue will be forwarded at a later date with the pre-session documents.

E. Summary by the President

15. At the end of the high-level segment and the dialogue, the President, drawing from the deliberations in these two plenary meetings, will prepare a summary of the main issues raised in the high-level segment and the conclusions or recommendations made during the dialogue. This summary will reflect the main thrust of the discussions and key positions stated during the two segments and will be submitted for endorsement in plenary meeting. Any possible draft resolution that may emerge out of the discussions at these plenary meetings will be referred to the drafting committee for its action.
16. Once endorsed by the Governing Council as an accurate reflection of discussions during the high-level segment and the dialogue, the President's conclusions and recommendations will serve as guidelines for follow-up action by Governments, local authorities, other partners and the secretariat, specifically in support of the 2008–2013 medium-term strategic and institutional plan of UN-Habitat.

F. Sessional committee of the whole

17. Bearing in mind the organization of work for previous sessions of the Governing Council and the above recommendations on the work in plenary meeting, the Governing Council may wish to establish a sessional committee of the whole that would be accorded responsibility for the detailed consideration of agenda items 5, 7 and 8.

G. Drafting committee

18. At its nineteenth session, on an informal basis, the Governing Council established an ad hoc open-ended drafting committee chaired by one of the vice-presidents to pre-screen draft resolutions submitted by delegations, with a view to merging, reconciling or clarifying them, as necessary, prior to their consideration by the Governing Council in plenary meeting. The Governing Council may wish to continue this practice, which was widely felt to have enhanced the efficiency of its work, with the

report of the drafting committee first passing through the Committee of the Whole for endorsement prior to final adoption by the Governing Council.

H. Proposed timetable and agenda items

19. A proposed organization of work and timetable for the session is provided in annex IV, while a list of the agenda items for the session and corresponding documents is provided in annex V.

Resolution 20/21: Organization and themes for future sessions of the Governing Council

The Governing Council,

Recalling its resolution 5/15 of 7 May 1982, in which it decided to designate the subjects of the special themes of its sessions two years in advance,

Also recalling its resolution 16/12 of 7 May 1997, in which it decided to provide, at future sessions of the Council, opportunities for partners to engage in a dialogue among themselves and with Governments,

Further recalling its resolution 19/5 of 9 May 2003, in which it decided that a continuing focus of its twentieth and future sessions should be the implementation and monitoring of the goal of the United Nations Millennium Declaration ** on improving the lives of slum-dwellers,

Noting that the World Urban Forum now provides an opportunity for extensive dialogue among Governments, local authorities and other Habitat Agenda partners,

Recognizing the importance during sessions of the Governing Council of a focused, interactive high-level segment on priority policy issues,

1 *Endorses* the recommendations of the Committee of Permanent Representatives on improving preparations for the Governing Council, which are contained in the appendix to the present resolution;

2 *Decides* that the special themes referred to in resolution 5/15 shall no longer be chosen two years in advance, but shall instead be selected by the Bureau of the Governing Council at least six months before the start of each session of the Governing Council, on the basis of advice from the Executive Director, in consultation with the Committee of Permanent Representatives, taking into account the outcome of the sessions of the World Urban Forum and the requirement for a continuing focus on the implementation and monitoring of the goal of the Millennium Declaration on improving the lives of slum dwellers;

3 *Also decides* that the high-level segment and the dialogues referred to in its resolution 16/12 should normally focus on those special themes and should constitute the substantive debate on the special themes;

4 *Requests* the Committee of Permanent Representatives to recommend to the Governing Council at its twenty-first session, through the Bureau of the Governing Council, further proposals for improving the structure and organizational arrangements of the twenty-first and future sessions of the Governing Council including, in particular, the high-level segment;

5 *Also requests* the Executive Director to prepare a background paper for use by the Committee of Permanent Representatives in complying with the request set forth in the preceding paragraph.
