

**Mainstreaming
Environmental
Planning and
Management (EPM)
Lessons of Experience
at Global Level**

Urban Footprint

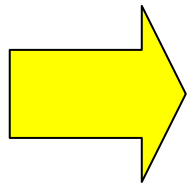

Sources: WRI (2002): Living Planet Report, UNEP (2003): GEO

- **Habitat Agenda**
- **Multilateral environmental agreements (MEAs)**
- **Agenda 21**
- **Millennium Development Goals (MDGs)**
- **WSSD Plan of Implementation**
- **UNEP Bali Strategic Plan on Technology Support and Capacity Building**

Global Level – International Agreements

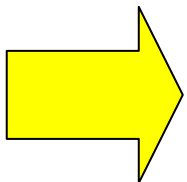

Which experiences in poverty reduction from the EPM process could your country bring to the September Summit on MDGs in New York?

- **Guidelines and tools**
(EPM, natural resources and environmental management)
- **UN-Habitat and UNEP Governing Councils**
- **Commission on Sustainable Development (CSD)**
- **Regional commissions and ministerial networks (AMCOW, AMCEN, AMCHUD)**

Global Level – International Normative Work

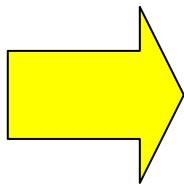

How can we ensure that national delegations participating in policy fora can use EPM lessons of experience to improve international norms?

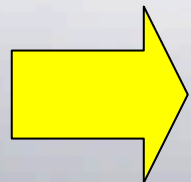

- **Global Environment Facility (GEF)**
(through UNDP, UNEP, World Bank)
- **Cities Alliance**
(through UN-HABITAT, UNEP, World Bank and bilateral donors)
- **ICLEI**
- **InWent**
- **Partnership for Clean Fuels and Vehicles**

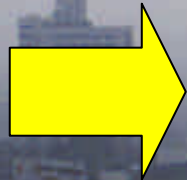

Global Level – Financial and Technical Support

How can EPM be used as a recognized mechanism in activities supported by international financial mechanisms?

Have cities in your country contributed to the debate on global issues?

How could EPM lessons of experience contribute to improve international instruments and mechanisms?

What should be done to mainstream EPM lessons of experience in global agendas, conventions and fora?
